Step	What to do
1	Print on waterslide paper for your printer type
2	Let dry, then seal with 2–3 light coats of clear acrylic
3	Cut close to the design
4	Soak in lukewarm water 30–60 seconds
5	Slide onto a clean, smooth surface
6	Press out water and bubbles with a soft cloth
7	Let dry 24 hours; seal again for durability
